# MTA @ Intermach and Subcon Thailand

To be staged in BITEC, Bangkok from 16 – 19 May 2018, MTA exhibitors can look forward to penetrate the core of ASEAN's manufacturing markets in Thailand and the region. Find new leads, re-establish partnerships and network with more than 40,000 trade visitors.

Together with Intermach 2018 and Subcon Thailand 2018, MTA2018 will be the premier industry platform with a comprehensive showcase of equipment / solutions from Smart Manufacturing, Precision Engineering, Higher Automation, Metalworking, Test & Measurement and Tooling Technologies.

Join us at the industry event that is growing from strength to strength!

## Total Visitors at Intermach

## About Intermach 2018 and Subcon Thailand 2018

Intermach is ASEAN's largest industrial machinery & subcontracting exhibition where the world's leading machinery makers introduce new advanced industrial machinery and equipment. Into its 35th edition, the event gathers serious decision makers and buyers from across Thailand and ASEAN.

[www.intermachshow.com](http://www.intermachshow.com)

Co-located with Intermach is Subcon Thailand, ASEAN's largest subcontracting and business matching event. For more than 10 years, Subcon Thailand has been the Heart of ASEAN's industrial parts sourcing industry. This event is organised by the Thailand Board of Investment (BOI) in conjunction with UBM Asia (Thailand) and the Thai Subcontracting Promotions Association. At Subcon 2016, the total business transactions were valued at US\$250 million, with 393 companies and more than 5,200 business matches.

## MTA2018 Exhibit Profile

- 3D Printing Systems
- Accessories & Ancillary Products
- Composites & Composite Processes / Machining
- Contract Manufacturing
- Control Systems & Instruments
- Coolants & Lubricants
- Coordinate Measurement Equipment
- Cutting Tools & Tooling Technology
- Electronics, Sensors and Diagnostics
- Industrial Coating
- Intelligent Automation Systems / Robotics / System Integration
- Manufacturing Processes (Heat treatment, Machining, Fabricating, Sintering, Forging etc)
- Material Handling and Storage Technology
- Materials – Graphite, Steel, Plastics
- Metalcutting Machine Tools
- Metalforming / Sheetmetal-Cutting Machine Tools
- Plastic Moulding Machines
- Software & Design (CAD/CAM, CAE, Rapid Prototyping)
- Surface Finishing Technology, Thin-Film Processes
- Test & Measurement Devices & Systems
- Tools & Dies
- Welding, Cutting, Hardening, Heating
- Wire and Tube Working Machines & Technology
- Workholding / Setting Devices

*(This list is not exhaustive and is meant as a guide only)*
